

Southern Branch Training Day, AGM and Supper

Saturday 14th October 2017

To All Southern Branch Members

Please find attached the programme for this year's Branch Training Day on Saturday 14th of October.

As you will see there is the opportunity to improve or develop treble bobbing on six bells at the easy going light six at Great Comberton near Pershore.

The eight bell ringing will be at Pershore Parish Centre. Here there will be the opportunity to improve or develop your seven and eight bell ringing with plain hunting on seven or eight. Methods will be Plain Bob Triples/Major and Little Bob Major - plain courses and touches. Also an opportunity to ring the tenor behind to triples. If you would like further information please ring or email Kath or Tony Cocks

The aim is to have a good humoured supportive atmosphere! If you are interested in being a student please reply the branch secretary's email A.S.A.P

There will be an opportunity to ring methods of your choice after tea and cake The afternoons ringing will be followed by the Southern Branch AGM and Supper. Non-ringers are welcome to join us for the supper.

Such events need the support and goodwill of lots of ringing helpers. Please let us know if you are able to help on the day and which ringing session you would prefer to help at.

If you plan to come to the supper we need to know numbers for catering purposes so please let us know even if you are not able to attend the training day.
